MATHS	June	Pattern writing , Shapes, Pre-math concepts	Children will recognize and create simple patterns, identify basic shapes, and compare objects using big and small concepts.	tracing lines, curves, and basic shapes builds the fine motor control and spatial awareness needed to write numbers and letters	Textbook activity
	July	Numbers 0-5, Pre math concepts	Children will count numbers 0–5 and understand pre-math concepts of tall–short, long–short, and more–less through hands-on activities	cardinality (understanding that a number represents a set quantity), one-to-one correspondence (pointing to one object per count), and numeral recognition (matching physical quantities to written	Textbook activity
	August	Numbers 6-10, Count and write	Children will be able to recognize, count, and write numbers 6–10 and match numbers with corresponding quantities	tracing or copying numbers while matching them to the exact number of objects (like pictures or beads) to build a solid early math foundation.	Textbook activity
	September	Numbers 11-20, Pre-	Numbers 11-20, Pre-math	number recognition, one-to-one	Textbook activity

		math concept.	concept.	correspondence (matching objects to written numbers), sequence building (understanding what comes before/after), and basic place value	
	October	Numbers 21-50	Children will be able to recognize, read, and sequence numbers 21–50 and identify missing numbers through interactive activities.	builds core logic, spatial awareness, and number sense.	Textbook activity
	November	Numbers 51-60, Pre-math concepts, Backward numbers	Children will be able to recognize numbers 51–60, count in twos, and identify similarities and differences between objects through hands-on activities.	Backward counting (countdown) builds fundamental math concepts like "before" and "less than," preparing them for basic subtraction	Textbook activity
	December	Numbers 71-80, Counts of 10s	Children will be able to recognize numbers 71–80, count in tens, and identify numbers before, after, and between numbers through hands-on activities.	recognizing the "70" (seventy) prefix and establishing place value (tens vs. ones).	Textbook activity
	January	Numbers 81-100, Pre-math concept ,	Children will be able to recognize and sequence numbers 81–100 and match number names 1–10 with numerals through interactive activities.	sequence recognition, fine motor control through writing, and early logical reasoning.	Textbook activity
EVS	June	• All about me • Colours	Identify and talk about self, family, school, and friends Recognize and name basic colors	Children will develop self-awareness. Recognize, name, and differentiate various colours.	Textbook activity

	July	• My body • My Sense organs • Good touch and bad touch • Seasons and Clothes	To identify difference between body parts and sense organs. To know functions of sense organs. To understand safe and unsafe touch. Recognize seasons and clothes.	Self-awareness, observation skills, Sensory awareness, Self-protection skills.	Textbook activity and Nature explore
	August	• My Home • Plants • Flowers • Fruits	Children will be able to know about their home & its rooms & their uses. They will identify plants, flowers, & fruits. They will understand that plants need water and sunlight to grow, flowers make things beautiful, fruits are healthy food to eat.	Awareness about family, home environment, care-taking skills.	Textbook activity and Nature explore
	September	• Vegetables • Neighbourhood • Good Manners and Golden Words • Good habits/Daily routine	Children will be able to identify vegetables and keeps us healthy. Neighborhood places & understand their uses. They will use good manners and follow good daily habits.	The importance for a healthy diet, awareness about their surroundings and community helps develop respectful social behaviour.	Textbook activity
	October	• Good food & junk food • Birds	Children will be able to identify good food & junk food & understand healthy eating habits. They will also recognize common birds. They can fly & name a few birds around them.	differentiate between nutritious and unhealthy foods.	Textbook activity and Nature explore
	November	• Animals • Day and	Children will be able to identify different types of	Identifies and names common animals and classifies them as	Textbook activity and Nature explore

		night	animals (pet, domestic, wild, and water), name their babies and homes, and understand basic differences between them. They will also be able to distinguish between day and night and describe simple activities associated with each.	domestic or wild. Identifies day and night and matches daily activities with the correct time.	
	December	• Insects • Keeping Safe	Children will be able to identify common insects and describe their basic features and movements. Children will be able to recognize safe and unsafe situations and follow simple safety rules in daily life.	Identifies common insects and recognizes their basic features. Follows simple safety rules at home, school, and on the road.	Textbook activity and Nature explore
	January	• Means of Transport • Community helpers • Festivals • National Symbols	Children will be able to identify different types of transport and their uses. Children will be able to recognize community helpers & describe the work they do. Children will be able to identify different festivals and understand how they are celebrated. Children will be able to recognize important national symbols.	Identifies different means of transport and their uses. Identifies community helpers and understands their roles. Identifies major festivals and participates in celebrations with respect. Identifies the national symbols of India and shows respect for them.	Textbook activity
Rhymes	June	This is Me! Where is Thumbkin? I'm a little teapot My Re Balloon	Identifies body parts and talks about oneself with confidence. Identifies fingers and improves finger coordination through actions. Performs actions with	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm, listening skills.	

			rhythm and follows simple instructions. Recognizes the colour red and develops listening and action skills through rhyme.		
	July	Hop a little Put a finger on your cheek Open them, shut them Head , Shoulders	Develops gross motor skills through movement and action. Identifies body parts and follows simple action commands. Develops hand coordination and listening skills through actions. Identifies major body parts and improves coordination through action rhyme.	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	
	August	Brush your teeth Early tp bed Little Miss Muffet Wee Willie Winkie	Understands the importance of personal hygiene and healthy habits. Learns the importance of a healthy daily routine and good sleeping habits. Develops listening skills, vocabulary, and confidence through rhyme. Understands the importance of bedtime routines and develops listening skills. Develops self-awareness, fine motor skills, gross motor	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	

			skills, body coordination, and rhythm,listening skills.		
	September	Watermelon Flowering song Vegetable soup song Peter peter, pumpkin eater	Identifies fruits and recognizes healthy food choices. Identifies flowers and develops awareness of nature. Identifies common vegetables and understands the importance of healthy eating. Develops listening skills, vocabulary, and enjoyment of rhymes.	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	
	October	Pussy cat Little Bo Peep Old mac Donald Five little monkeys	Identifies common animals and develops listening skills through rhyme. Recognizes farm animals and develops vocabulary and imagination. Identifies farm animals and their sounds through action and song. Develops counting skills, listening skills, and action coordination.	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	
	November	Hey! Diddle, Diddle Once I saw a Little Bird Six Little Duck Here is a Beehive	Develops imagination, listening skills, and vocabulary through rhyme. Identifies birds and develops observation and	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	

			action skills. Develops counting skills and recognizes ducks through rhyme and actions. Identifies bees and develops finger coordination and listening skills.		
	December	Yankee Doodle Engine, Engine Puff a Train Wheels of the Bus	Develops listening skills, rhythm, and confidence through singing. Identifies trains and develops imagination through action rhyme. Understands trains as a means of transport and improves coordination through actions. Identifies parts of a bus and develops movement and observation skills.	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	
	January	Hot Cross Buns Police Officer Hammering the Nail Found a Peanut	Develops listening skills, rhythm, and awareness of simple food items. Recognizes community helpers and understands their role in keeping people safe. Develops coordination, action skills, and awareness of tools. Improves memory, vocabulary, and enjoyment of rhymes.	Develops self-awareness, fine motor skills, gross motor skills, body coordination, and rhythm,listening skills.	

Story	June	The Ant and the Grasshopper	Develops listening skills, moral values, and understanding of hard work and planning.	Develops listening skills, moral understanding, vocabulary, and awareness of the importance of hard work and planning.	
	July	The Rainbow Fish	Develops sharing, kindness, friendship, and social skills.	Develops sharing, kindness, friendship, and social-emotional skills.	
	August	The Clever Elephant	Develops problem-solving skills, confidence, and helping nature.	Develops problem-solving skills, listening skills, and understanding of kindness.	
	September	The Boy Who Cried Wolf	Develops honesty, communication skills, and understanding of trust	Develops moral values, honesty, and communication skills.	
	October	The Proud Rose	Develops humility, self-awareness, and respect for others.	Develops awareness of humility, self-confidence, and respect for others.	
	November	The Lion and the Cows	Develops teamwork, cooperation, and social awareness.	Develops social skills, teamwork, and understanding of friendship.	
	December	The Tortoise and the Bird	Develops patience, confidence, and listening skills.	Develops patience, confidence, and listening skills.	
	January	The Foolish Crow	Develops thinking skills, decision-making, and learning from mistakes.	Develops decision-making skills, observation, and moral understanding.	
PE	June	Mass PT exercise 50 mtr Running race	"Stand at ease and attention" class formation, 1 to 3 standing exercise with 16 counts for each exercise. Start, Running and finish	Help to tone up the body ,improves muscle strength, boost endurance and provides more oxygen to brain. Patience, self confidence and self esteem.	

	July	Dumbells Exercises	"Stand at ease and attention" No 1 Exercise Practice No 2 Exercise Practice No 3 Exercise Practice	*To Improve Stability and Balance *To Build Strength *To Increases Endurance *Maintains fitness and overall health *Versatile	
	August	Mass PT exercise	Stand at ease and attention" 4 to 10 standing exercise and 1 to 5 sitting exercise with 16 counts for each exercise.	Help to tone up the body ,improves muscle strength, boost endurance and provides more oxygen to brain.	
	September	Dumbells Exercises	No 4 Exercise Practice No 5 Exercise Practice	*To Improve Stability and Balance *Maintains fitness and overall health *Versatile	
	October	DumbellsExercises	No 6 Exercise Practice Practice with music Practice with music	*To Improve Stability and Balance *To Increases Endurance *Maintains fitness and overall health	
	November	Lemon and spoon race Potato race	Speed, agility,adroitness of the player is prime factor needed to play the game.The motor skills and strength of musclesto run fast is needed. Running, collecting the potatoes, keeping in a circle	To enhance students flexhibility, physical stamina and cognitive skills. Develop gross and fine motor skills.develop control on body movements.Improve eye hand coordination.	
	December	Dog and Bone game	Running,coordination, Stamina,	Helps build aptitude and social skills . Help child to learn about playinghappily with other children. Improves coordination and increases concentration.	
	January	Long Jump	Take -off, flight and landing	Understand how to complete each phase to create maximum distance.	
Yoga	June	Intro, Warm-up,	Basics of yoga	Balance,	Benefits of yoga +

		Tadasana, Vrikshasana		discipline	practice log
	July	Surya Namaskar, Trikonasana	Sequence & flexibility	Coordination	7-day chart
	August	Vajrasana, Ushtrasana	Digestive health	Digestive health	Poster
	September	Bhujangasana etc.	Back strength	Posture	Reflection
	October	Paschimottanasana etc.	Core & flexibility	Breathing	Healthy lifestyle poster
	November	Twisting poses	Spinal health	Mobility	Demo
	December	Pranayama & Meditation	Stress management	Mindfulness	Breathing diary
	January	Padmasana etc.	Concentration	Self-discipline	Paragraph
